FROM:
<i>Mr. Karl Heckart, AOC ITD Director & CIO</i>
SUMMARY:
Karl will provide an updated timeline for the activities he has previously described related to the periodic refreshing of computing hardware and software placed in the courts by the AOC. With two counties now complete, he will also outline some key lessons learned and discoveries thus far in the rollout project. In addition, Karl will describe the vision for the collaboration tools and cloud storage solution provided as part of the refresh. He will take a moment to brief members on the progress of investigating disaster recovery options for statewide automation.
